

MCGHEE

Charles R. McGhee Scholarship

This award was established in 1995 with funds from the recycling program.

MTSU Biology faculty: 1969-2015

Charles R. McGhee received his B.S. and M.A. degrees from Middle Tennessee State College and his Ph.D. from Virginia Polytechnic Institute.

During a three-decade-long tenure at MTSU, Dr. McGhee taught a number of courses including general biology, entomology, invertebrate zoology, and evolution. Summers he taught entomology and aquatic invertebrate zoology at Tech Aqua Biological Station (Tennessee) and the Upper Cumberland Biological Station on Center Hill Lake.

"I want to leave my students with what Dr. Patten (former chair of the Biology Department at MTSU) and Dr. Holt (his advisor at Virginia Polytechnic Institute) left me with - a love of biology, an analytical way of thinking, a healthy degree of skepticism, proper humility, and a desire to comport myself responsibly and with dignity."
