

HOLLAND

Charles W. Holland Memorial Scholarship

This award was established by The Biology Club and first awarded in 1974.

MTSU Biology faculty: 1970-1973

Dr. Charles W. Holland received his B.S., 1964, and M.A. Ed., 1965, from East Carolina University and his Ph.D. in 1970 from the University of Tennessee.

Dr. Holland, hired as a Biology instructor in 1970, was killed in a hit and run incident near Murfreesboro in 1973. He was highly regarded by his students and colleagues and considered a very effective instructor. The Biology Club (originally The Science Club) initiated a drive to establish a scholarship in his honor. Once sufficient funds were raised, the interest from this fund was set up to be awarded annually as a scholarship to a senior continuing in the Graduate School at MTSU.
